

TEJAS JAYBHAYE

Full Stack Developer

Wakad, Pune, MH-411057 | +918237875792 | tbj456@gmail.com

WORK EXPERIENCE:

COPODS | Pune

Full Stack Developer Intern | 01 March, 2024 - Present

- Implemented the technology stack (React with MUI design library and Python with Django) for a project in collaboration with the team, ensuring the backend is modular to facilitate future AI model integrations.
- Developed the frontend using React, delivering a responsive and dynamic user interface.
- Designed and implemented custom Material-UI (MUI) components to enhance the user experience and maintain a consistent design system.
- Developed an admin panel within the frontend to manage and oversee various aspects of the project.
- Collaborated with cross-functional teams to define project requirements and deliver high-quality software solutions.
- Demonstrated strong problem-solving skills and the ability to adapt to new technologies and frameworks quickly.
- Ensured code quality and maintainability through comprehensive testing and code reviews.

Acviss Technologies | Bangalore

Full Stack Developer Intern | 01 June, 2023 - 04 September, 2023

- Refactored the entire backend codebase to improve scalability, maintainability, and performance.
- Integrated databases and implemented efficient data retrieval methods to enhance application performance.
- Implemented authentication and authorization (Google SSO) mechanisms to ensure secure access to the application.
- Developed RESTful APIs to facilitate communication between the frontend and backend services.

ACHIEVEMENTS

Music Production:

- Successfully produced music for clients in the US and Europe as a ghost musician for various artists, delivering high-quality tracks tailored to diverse genres and styles.

YouTube Channel:

- Established and grew a YouTube channel to 75,000 subscribers within one year by consistently producing engaging and high-quality content, demonstrating strong content creation and audience engagement skills.

Content Creation and Editing:

- Developed creative content and provided professional editing services for influencers, helping them to increase their social media following and engagement through visually appealing and cohesive designs.
- Created artwork, edited content, and designed graphics for influencers across social media platforms, enhancing their brand presence and visual appeal.

SKILLS:

- Frontend Development: React, Redux, Material-UI, TypeScript
- Backend Development: Django, DRF, ORM
- Programming Languages: Python, JavaScript
- UI/UX Design: Conditional Styling, Component- Based Architecture
- Basic Knowledge: Docker, Github, Firebase, AWS
- Database: POSTGRESQL, MySQL Tools: Visual Studio Code, Postman

EDUCATION:

2019 - 2023 | **Bamu University**

Bachelor of Computer Science - Software Engineering
